

STAY SAFE AROUND THE DOGS YOU KNOW

THEIR BODY

THEIR FEELINGS

Pet dogs gently with one hand, collar to tail (not on the head).

Sit WITH dogs, not ON them.

Learn what dogs are saying and listen when they need you.

Be kind. Do things dogs like.

DON'T dress up dogs.

DON'T kiss, hug or pick up dogs.

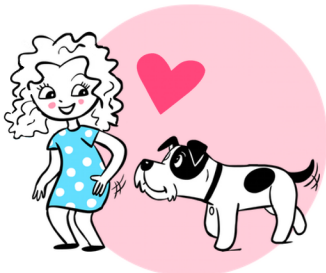

DON'T yell, scare, hurt or tease dogs.

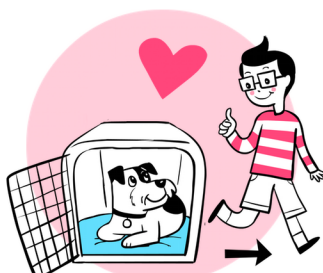

DON'T be bossy (or make dogs do things they don't want to).

RESPECT

Always invite dogs into YOUR space instead of going into theirs.

Walk away from dogs when they're in crates or resting anywhere.

Train and play with dogs using treats and toys.

Let grown ups take care of dogs when they have something they shouldn't.

DON'T go up to dogs when they're eating or chewing.

DON'T put your face in dogs' faces.

DON'T take anything from dogs...

...EVEN if it's yours! Ask a grown up for help.
